Prepared by: Preston Conder | Last Updated: October 23, 2019

## 1. Look Back (20 min)

### **Worship**

- Worship (sing, pray, take communion, give, or reading scripture)

### **Accountability**

Follow

- "Talk about how you obeyed Jesus command to make disciples last week"

Fish

- "Talk about how praying for the people on your map went this past week"
- "Talk about how sharing your testimony, 3 circles, and baptism went this past week"
- "Did anyone start meeting with people to start training or the Commands of Christ?"
- "How are your disciples doing sharing their testimony and 3 circles?"
- "Have your disciples started their own group yet and if so how is it going?"
- "How are your disciples, own disciples, doing training their disciples?"

### **Vision**

- The harvest IS worth the sacrifice!
- Jesus told us there is a harvest and that if we don't give up He promised we would reap the harvest. But Jesus told us the harvest would only be reaped if we sacrificed. It costs to reap the harvest. We have to pay the price to reap the harvest. When it gets hard we must live by faith and keep going. We will sacrifice but it's worth it!
- When things get hard remember we are helping people for all of eternity! We are participating in the restoration and redemption of the world! Lives are going to be changed, freedom will be experienced, and people will find hope! The sacrifice for the harvest is worth it! Let's sacrifice for the souls of people far from God.
- The harvest IS worth the sacrifice!

## 2. Look Up (30 min)

### **Lesson**
