

# People Map

Prepared by: Preston Conder | Last Updated: September 22, 2019

- We have a conviction that we must multiply disciples, but who do we start with?
- God's Word tells us who to start with. Can you read the scripture for us?

## Why

"Believe in the Lord Jesus, and you will be saved—you and your household." Then they spoke the word of the Lord to him and to all the others in his house. At that hour of the night the jailer took them and washed their wounds; then immediately he and all his household were baptized. The jailer brought them into his house and set a meal before them; he was filled with joy because he had come to believe in God—he and his whole household." - Acts 16:31-34

- Based on this passage, who do we reach?
- *We start by reaching the people we already know who are far from God*

## How

- To reach the people you already know who are far from God it takes vision, prayer, and sharing
- We use a tool called the People Map to help us have a multiplication vision, a daily prayer plan, and commit to share God's story with specific people
- Here's how you can make your own People Map
  1. Draw a circle and write your name in the center
  2. Now think through categories of people and groups you already know who are far from God (Live with, work with, school with, workout with, etc.)
  3. Draw a line from your circle, write their name, and circle their name
  4. Now think through the people they already know who are far from God
  5. Draw a line from their circle, write their name or description, and circle their name
- Vision: See the potential for multiplication?
- Prayer: Commit to daily pray for your People Map by name
- Sharing: Commit to share your story and God's story with 1 or more people this week. Write their names down.

## Practice

- Pair up and practice training each other
- One of you trains while the other listens and gives feedback
- Start with question 2 of Discipleship 101 and finish by telling your partner to train

### **Make Disciple Makers**

- After they finish training, ask your disciples the questions below
- “What was challenging about training your partner?”
- “What could you do to be a more effective trainer for your disciples?”
